How to Apply Gel Polish Perfectly: A Step-by-Step Guide

Thankfully, a broken nail doesn’t need to automatically ruin your manicure. After all, there seems to be one sure-fire way to fix a damaged digit. According to nail experts Sarah Gibson Tuttle, Lauren Dunne, and Molly Romah, the best way to rehab a broken nail—if the goal is to salvage length—is to get crafty with a teabag.

How to Fix a Broken Nail, According to Manicurists - Byrdie

Step 2: Wrap nails with foil and acetone-soaked cotton. As with any nail polish, acetone is a must. But save yourself the time and effort of rubbing your nails raw with a plain soaked cotton ball, as dip powder won’t come off in a simple stroke. Instead, place a drenched cotton ball on top of your buffed nail and wrap it in a small square of ...

How to Remove Dip Nails at Home: A Step-by-Step Guide

Pros of Nail Tabs. Very Gentle on your nails Nail Tabs won’t damage your nail plate and they don’t require harsh chemicals like acetone to be removed; Easy to Remove – Just soak your nails in warm soapy water for 1-2 minutes.; Ideal if you want to reuse your Press on Nails – this is because nail tabs allow the press on nails to be removed without damaging them.

4 Best Nail Glue Alternatives that are Safe & Yet Strong

Buff – like with the gel removal, grab a nail buffer and rough up the surface of your polish until the shine is completely gone. Soak – next up, fill a nail soaking tray (again, a bowl will do) with acetone, then place your nails in it for five to 10 minutes. Remove – gently test a nail with a cuticle pusher.
