Siege warfare of the ancient Near East took place behind walls built of mud bricks, stone, wood or a combination of these materials depending on local availability. The earliest representations of siege warfare date to the Protodynastic Period of Egypt , c. 3000 BC, while the first siege equipment is known from Egyptian tomb reliefs of the 24th ...

Ancient warfare - Wikipedia

Warfare occurred throughout the history of Ancient Greece, from the Greek Dark Ages onward. The Greek 'Dark Ages' drew to an end as a significant increase in population allowed urbanized culture to be restored, which led to the rise of the city-states (Poleis).These developments ushered in the period of Archaic Greece (800–480 BC). They also restored the capability of organized warfare ...

Ancient Greek warfare - Wikipedia

In the ancient Greek world, warfare was seen as a necessary evil of the human condition. Whether it be small frontier skirmishes between neighbouring city-states, lengthy city-sieges, civil wars, or large-scale battles between multi-alliance blocks on land and sea, the vast rewards of war could outweigh the costs in material and lives. Whilst there were long periods of peace and many examples ...

Ancient Greek Warfare - World History Encyclopedia

It was made famous at the Battle of Marathon in 490 BCE when the Greeks employed it effectively to rout the Persians, was perfected by Alexander the Great c. 332 BCE on his campaigns, and was made more formidable by the armies of Rome. The phalanx was employed, in one form or another, by most of the fighting forces in the ancient world.

War in Ancient Times - World History Encyclopedia

The Middle Ages saw the development of new modes of warfare encompassing both pitched battles and siege warfare. Then as now the western world was engaged in an arms race. New weapons technology prompted new defensive technologies, for example the introduction of cross-bows led quickly to the adoption of plate armour rather than chain mail.

Medieval Warfare & Medieval arms

Ancient Sparta is one of the most well-known cities in Classical Greece. The Spartan society was known for its highly-skilled warriors, elitist administrators, and its reverence for stoicism, people today still look to the Spartans as model citizens in an idealist ancient society. Yet, as is often the case, many of the perceptions we have
