Dying to be me! Anita Moorjani at TEDxBayArea - YouTube

Anita Moorjani's account of her experience is one of the clearest, validated, and instructive accounts to this effect. I think as more and more people become familiar with these stories, we may stand a chance of letting go of all our fear-based self-destructive patterns, including war, addiction, disease, and poverty.

Near-Death Experiences (NDEs) - Division of Perceptual Studies

A near-death experience (NDE) is a profound personal experience associated with death or impending death which researchers claim share similar characteristics. When positive, such experiences may encompass a variety of sensations including detachment from the body, feelings of levitation, total serenity, security, warmth, the experience of absolute dissolution, and the presence of a light.

Near-death experience - Wikipedia

I recommend a book by Anita Moorjani called Dying to be Me. She was dying of cancer & had a Near Death Experience & describes where she went to & how she was actually given the choice of coming back into her cancer ravaged body, which she did, & she was healed. But according to what she describes we certainly do not have anything to fear.
