Corporate Finance Study Guide|Stephen Ross

Corporate finance for the pre-industrial world began to emerge in the Italian city-states and the low countries of Europe from the 15th century.. The Dutch East India Company (also known by the abbreviation "VOC" in Dutch) was the first publicly listed company ever to pay regular dividends. The VOC was also the first recorded joint-stock company to get a fixed capital stock.

Hence, the management strategy of Corporate Social Responsibility (CSR) was born. As the international magazine The Economist noted in 2008, "CSR has arrived" (19 January 2008, p. 24). In many Western societies, CSR is now a well-accepted company philosophy, whereas in many emerging markets, CSR is still underway and its shape and ...

To be sure, there's no proven formula for success, particularly when it comes to innovation. While our years of client-service experience provide strong indicators for the existence of a causal relationship between the attributes that survey respondents reported and the innovations of the companies we studied, the statistics described here can only prove correlation.

The Goal was published in 1984, a time when the post-World War II manufacturing boom began to slow and American businesses like Alex Rogo's manufacturing plant subsequently faced new challenges. American corporations were up against rising competition from manufacturing corporations around the world, particularly in Asia, who could produce products for less money and offer them at a lower price.
