The seventh generation of the Ford F-Series is a range of trucks that was produced by Ford from the 1980 to 1986 model years. The first complete redesign of the F-Series since the 1965 model year, the seventh generation received a completely new chassis and body, distinguished by flatter body panels and a squarer grille.

Ford F-Series (seventh generation) - Wikipedia

1. Background. The scoping review has become an increasingly popular approach for synthesizing research evidence (Davis et al., 2009; Levac et al., 2010; Daudt et al., 2013). It aims to map the existing literature in a field of interest in terms of the volume, nature, and characteristics of the primary research (Arksey and O'Malley, 2005). A scoping review of a body of literature can be of ...
