Although this technology had first been used in a primitive fashion the 7th edition, and to a much lesser extent in the 8th, in the 9th edition there were thousands of quality illustrations set into the text pages, in addition to the plates. The 9th edition was a critical success, and roughly 8,500 sets were sold in Britain.

History of the Encyclopædia Britannica - Wikipedia

Business writers should consider the tone of their message, whether they are writing a memo, letter, report, or any type of business document. Tone is present in all communication activities. Ultimately, the tone of a message is a reflection of the writer and it does affect how the reader will perceive the message.

Models of communication are conceptual models used to explain the human communication process. The first major model for communication was developed in 1948 by Claude Shannon and published with an introduction by Warren Weaver for Bell Laboratories. Following the basic concept, communication is the process of sending and receiving messages or transferring information from one part (sender) to ...

Models of communication - Wikipedia

MLA stands for the Modern Language Association, and its style guidelines have been assisting authors since 1951. In 2016, the MLA Handbook introduced a template using core elements in an effort to simplify much of the documentation process in MLA format. In 2021, the ninth edition was expanded with considerably more content and visuals. MLA Formatting: The Basics
