You can search and download free books in categories like scientific, engineering, programming, fiction and many other books. No registration is required to download free e-books.

Exploring Space Guided And Study

Moreover, there is an apparent need to clarify the meaning of self-care in palliative care practice. This paper reports qualitative findings within the context of a broader mixed-methods study. The aim of the present study was to explore the meaning and practice of self-care as described by palliative care nurses and doctors.

Exploring the meaning and practice of self-care among ... nature. The study used Super's career development theory and Mezirow's (1978) transformative learning theory as frameworks to uncover meaning-making of leadership development experiences, which are associated with leadership across the lifespan of the five women superintendents. This study employed a qualitative narrative research design.

Searching for empty parking space is also a reason for more traffic generation and congestion. Shoup (2006) showed that even a short time for searching a parking space would generate a considerable amount of traffic. In his study of 11 US cities, it has been shown that 30% of the traffic spend an average of 8.1 min searching for parking spaces.
