Full Version Foucault and Education: Disciplines and ...

This book explores some of his key ideas and concepts in relation to a variety of education contexts and issues. It argues that schools, like prisons and asylums, are often artificial and highly disciplined environments and provide excellent case studies for Foucault's concern with the technologies of power and domination and the arbitrariness of modern institutions.

Foucault and Education | Taylor & Francis Group

Foucault and Education: The Punitive and Disciplinary ... Foucault's genealogy of the emergence of the modern prison system in Discipline and Punish has become a fixture in educational scholarship to interrogate the practices of the present moment in education. Foucault completed a draft of the seminal text in April 1973, immediately after finishing of his course on The Punitive Society. Access to previously unpublished

Foucault and Education: The Punitive and Disciplinary ...

Foucault argues that it becomes inseparable from these areas of society. Surveillance is woven into the fabric of education, for example. There is a machine metaphor at work, as individuals are seen to have defects that need correction. "Disciplinary punishment has the function of reducing gaps.

More on Foucault, discipline, and the individual - Social ...

Foucault discussed and theorised discipline in what English-language scholars of his work call his genealogical period. 1 English language scholars accept that his work falls into three periods. This middle period consists primarily of Discipline and Punish (Vintage, 2nd Ed, 1991); History of Sexuality Vol I (Random House, 1978); and, Society Must be Defended (Picador, 2003).

Michel Foucault: Discipline - Critical Legal Thinking

More broadly, Foucault's interest in education c an be dated from his involvement in the 'May events' instigated by students and joined by workers in Paris, 1968, to the publication of his substantial research into punishment and sexuality in 1975 and 1976, respectively (Foucault,

Michel Foucault is one of the most referenced social theorists of the late twentieth century. In this piece Mark K Smith outlines his life, and contribution, and focuses on the significance of his explorations of power and subjectivity. He examines how they inform education systems and processes of reproduction.

Michel Foucault: Power, subjectivity and education - Infed ...

In Discipline and Punish, Foucault explicitly analyses schooling as an apparatus of modern disciplinary power. And it is easy to draw parallels between his well-known account of the Panopticon and the ways in which surveillance works in educational institutions.

Using Foucault in School Research: Thinking Beyond the ...

A recent book, Foucault and Education: Disciplines and Knowledge, brings together nine essays by British, Canadian, Australian, and New Zealander academics who attempt to apply some of Foucault's concepts and analytical procedures to school practices, past and present.

Of What Help Is He?

Michel Foucault's work, it is suggested, has much to offer education. A general introduction to his work is presented, and his account of power/knowledge is outlined. How this power/knowledge is exercised in what Foucault calls 'the disciplines' is discussed and implications for schools are outlined.
