Third Edition

This book has been very helpful to me, in the transition phase I'm experiencing between military marine boiler technology and terms for high pressure boilers as opposed to civilian shore based steam plants and boilers. Basic principles are the same, but terms for familiar items are different, which is the reason for buying this book.

High Pressure Boilers Sixth Edition: Steingress, Frederick ...

After the exam, this book makes a great reference book for boiler operations (such as changing a sightglass, starting up & shutting down a boiler, preparing a boiler for inspection, etc.). Although I really do wish that there was an "Answer Key" with it along with explanations for some of the answers, I think that it's a great book to have as a ...
