James famously explained the theory in his book The Principles of Psychology: he writes that "we feel sorry because we cry, angry because we strike, afraid because we tremble, and not that we cry, strike, or tremble, because we are sorry, angry, or fearful, as the case may be." In other words, our emotional

The Mesolithic isotope record is substantial (Fontanals-Coll et al., 2014), and only partly represented in Table 1. While carnivorous diets may be expected in northern colder regions, samples from more southerly parts of Europe, such as Sicily (Mannino et al., 2012), also show carnivory throughout the Mesolithic. The comparative environmental sampling was small in some studies; hence a bias ...
