The International DT466 engine is a 7.6-liter truck engine used in school buses, farm equipment, dump trucks and construction equipment. It also is utilized in the International CXT, a pickup truck built on the International 20-ton hauler platform. Over one million DT466 engines have been produced.

Specifications of a International DT 466 Engine | It Still ...

The International Harvester Company (IHC) has been building its own proprietary truck engines since the introduction of their first truck in 1907. International tended to use proprietary diesel engines. In the 1970s, IHC built the DVT 573 V-8 diesel of 240 and 260 hp (179 and 194 kW) but these were not highly regarded and relatively few were sold.
