MerCruiser 4.3 L

Complete Inboard Gas Engines and Parts. The MerCruiser 4.3 engine is a V6 inboard motor, which means it is located inside of the hull of a boat. The engine and its components are subjected to high amounts of heat due to this assembly setup and are required to be reinforced to handle the conditions.

The outstanding warranty coverage on Mercury engines also extends to the controls and rigging components on your boat. If your builder or dealer uses genuine Mercury gauges and controls when installing the new engine on your boat, the warranty coverage for those rigging components now matches the total warranty of your engine.
