On Populist Reason Ernesto Laclau

Populism refers to a range of political stances that emphasize the idea of "the people" and often juxtapose this group against "the elite". The term developed in the late 19th century in connection to the Populist Party and has been applied to various politicians, parties and movements since that time, often derisively by opponents. Within political science and other social sciences, several ...

A floating signifier (also sometimes referred to as an empty signifier) is a signifier without a referent in semiotics and discourse analysis, such as a word that points to no actual object and has no agreed upon meaning. The term open signifier is sometimes used as a synonym due to the empty signifier's nature to "resist the constitution of any unitary meaning" thus enabling its ability to ...
