Security Analysis Benjamin Graham

First published in 1934, Security Analysis is one of the most influential financial books ever written. Selling more than one million copies through five editions, it has provided generations of investors with the timeless value investing philosophy and techniques of Benjamin Graham and David L. Dodd.

Security Analysis: Sixth Edition, Foreword by Warren ...

Benjamin Graham's revolutionary theories have influenced and inspired investors for nearly 70 years. First published in 1934, his Security Analysis is still considered to be the value investing bible for investors of every ilk. Yet, it is the second edition of that book, published in 1940 and long since out of print, that many experts—including Graham protégé Warren Buffet—consider to be the definitive edition.
