### **Sony Nex 5 User Guide**

When it entered the mirrorless market with the NEX-3 and NEX-5 back in 2010, Sony, along with Panasonic and Olympus, saw vast potential to attract the millions of compact camera users who wanted better image quality but without the bulk of a DSLR. Today, however, as the smartphone market continues to erode compact camera sales we see camera makers increasingly turning their attention to a ...

So here's my review of the 5 best lenses for the Sony a6000. You can use it as a guide for recommended high-quality Sony lenses for any of the other APS-C E-mount mirrorless cameras, but I've concentrated specifically on those that perform well with the a6000.. To add some variety to my recommendations, I also reviewed a selection from the competitively-priced non-Sony-branded lenses, which ...
