Controlling Your Pitch for Word Stress. Taking control of your pitch in this way will help make it easier to produce pitch variations when you're speaking English and working on natural-sounding word stress and intonation.. For example, let's look at the word "education": ed-u-CA-tion. The third syllable is stressed, which means the vowel is longer, louder, and higher in pitch.

The Power of Pitch: Change Your Tone ... - English with Kim

English is a West Germanic language first spoken in early medieval England which eventually became the leading language of international discourse in today's world. It is named after the Angles, one of the ancient Germanic peoples that migrated to the area of Great Britain that later took their name, England. Both names derive from Anglia, a peninsula on the Baltic Sea.

English language - Wikipedia

It was British imperial and industrial power that sent English around the globe between the 17th and 20th Century. The legacy of British imperialism has left many counties with the language thoroughly institutionalized in their courts, parliament, civil service, schools and higher education establishments.
