coal and uranium mining. Despite its name, it ceased regulating railroads in 2005. Established by the Texas Legislature in 1891, it is the state's oldest regulatory agency and began as part of the Efficiency Movement of the Progressive Era. From the 1930s to the 1960s it largely set world oil prices, but was disp

the Texas Railroad Commission were the most important local government officials in the world. How did an obscure state agency set up to regulate railroad rates get to be this way? In this well-written, carefully-researched, and very useful book, William R. Childs outlines the development of the TRC.
